**CONDITIONS OF SALE.**

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.** We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

#### COINS CONSIGNIED BY A WEST COAST COLLECTOR.

##### OREGON PIONEER GOLD FIVE DOLLARS.

- 1175 1849. Oregon Beaver. Very fine. Issued in Oregon Territory by Oregon Exchange Co, early in 1849, to replace gold dust. The mint was erected at Oregon City, a blacksmith, Thomas Campbell, making the necessary apparatus for coining. Hamilton Campbell engraved the dies. As all the necessities of life had been purchased on the basis of the value of a Beaver skin, which custom had been used at the trading stations of the Hudson Bay Company, the Great Fur Company of the Northwest, in line with his idea the obverse of these coins picture a beaver standing on a log. Being of high gold content the U. S. Mint when it began to operate, in 1852 gathered in nearly all of these coins; of the few left most were pocket worn. The above specimen has been placed in a little frame, with glass on either side, the frame in turn sitting in a leather case, thus protecting the coin from wear. It is offered as the finest specimen of this extremely rare pioneer coin. Extremely fine, a bold example, nearly uncirculated. **Best known.** Valued at \$300.
